Nutella Hot Chocolate

Description

All is right in the world when you drink this little concoction of mine.
It will be sure to warm your belly and add cellulite to your hips. Gotta love the Holidays.
My jeans are already getting too tight, but that did not stop me from drinking this whole glass of Nutella Hot Chocolate with homemade whipped cream.
I hope you guys are still not buying the pre-made "whipped topping". Please tell me your not. Homemade whipped cream takes like 2 minutes to make and tastes FAR superior to anything that comes from a tub or aerosol can. Oh, and it is a million times cheaper!
I hope you enjoy this heavenly beverage!

Ingredients

- 1 cup whole milk
- 2 1/2 tbsp nutella
- 1 tsp cocoa
- 1 pinch salt

Instructions

In a small sauce pan over medium heat, whisk all ingredients together until well blended and hot.

Pour in a cup and top with homemade whipped cream and shaved chocolate.
